CLIENTS

ABOUT

We are committed to sustainability for a long time and have been among one of the Founding Members and Past Secretary to the board of the Emirates Green Building Council.

With years of experienced staff and accredited/certified by renowned institutions, Creative Consultants provide specialized services that help Clients in increasing energy efficiency in cost-effective ways and also contribute to a better environment by reducing the carbon footprint.

Our consultants are LEED, EHS-TRAKHEES accredited/approved, are members of the International Round Table of USGBC, and senior members of the Association of Energy Engineers, USA.
